Interaction Design

Nov 3, 2022

Initial Meeting Notes

- The tone of the website should be informational and satirical almost

- The visual aesthetic should lean on the look of websites in the early 2000s

- The uglier the better

- The website should be enticing and fun for the viewer.

- Perhaps one of the prototypes should be half and half panel/column (example:

  https://chiaski.github.io/poeticweb/)
